Code Enforcement Officer

Dear Fallsburg Resident,

In an effort to educate to residents of Fallsburg on some of the most common code violations, we have put together a list of some of the most regularly seen and documented by this office throughout Fallsburg.

This is just a short list of numerous codes that this office enforces on a regular basis.

You are not receiving this letter for any other reason than to help educate you on what we do here at the Code Enforcement Office, as we will be doing for all property owners of Fallsburg. This very same letter is now routinely sent out with any mailings our office sends out regardless of the mailing intended purpose.

It is our belief that an educated resident will help in furthering the effort by this office to not only help beautify our Town but to keep it safe for all residents.

If you have any questions about one or more of the code sections or have information that may be helpful in any way we would be happy to help.

All calls are considered anonymous.

Just a friendly reminder, recycling is now mandatory in Fallsburg and garbage burning [including paper and cardboard] is now strictly prohibited and both are aggressively enforced.
